Subject: Please accept my condolences!

I just got an email from Lori, through Dale, that Tihiro has passed away.....I am so sorry, Yoko. He was a very outstanding man and I think of all of the wonderful things he had done.. We had some wonderful times with you in California when our children were young and none of will ever forget that. We often talked of those times.....

Yoko, I worry about you and wonder what you will do and how you are.....Please write to me or call me on my cell (I have no home phone) and let me know you are OK. I would love to hear from you.....I live in Florida by myself and have been single for about 40 years or more.....

My heart goes out to your children ,,,,,,,please know that you are being thought of at this time.....I know that Dale is very upset to hear of this news.....

My heart is heavy for you,,,,,

Sincerely,
Helen Meade
