Subject: Tihiro

Hello Yoko --

My father, Dale Meade, told me today that Tihiro recently passed away. I want to extend to you and your family my most sincere condolences. Tihiro was an extraordinary person with such amazing accomplishments in his career in efforts to help the world solve significant energy problems. What a lasting legacy. I know that Tihiro had a significant positive impact on my father's career. I wish I could thank for Tihiro for that, but I at least can let you know of my appreciation!

Again, I am so sorry for your loss. Please give my thoughts to your entire family.

Sincerely,

Carla (Meade) Fleming
